

## Lake Stevens Education Foundation Tile Art Mural

For just \$50 you can buy a tile that will be added to the Lake Stevens Education Foundation's **Tile Art Mural** in the Performing Arts Center at Lake Stevens High School. Tiles are engraved with two lines in honor of a student or community member.

The Tile Art Mural is eight feet high and twelve feet wide. It depicts Mt. Pilchuck with its foothills and valleys as they transition from Winter, to Spring, to Summer, to fall, and back to Winter. The mural is hand painted on 688 six-inch tiles. The tiles were painted at the Blue Heron studio in Issaquah, Washington, by a team of five artists. Helen DelaHunt-Leavitt of the Blue Heron studio was the lead artist in the design and creation of the Tile Art Mural. She was assisted in this creative adventure by artists Carol Stecher Jones, Betty Kittle, Greg Leavitt and Stephen Temple. The Foundation gratefully acknowledges the contributions of Gary Cease of CECO Construction who donated his time to install the mural, and Leslie Elsemore whose leadership and direction helped make this project a success.

388 tiles bearing names of individuals, families and businesses in the Lake Stevens community frame the mural. The name tiles were purchased through donations to the Lake Stevens Education Foundation's endowment fund for the support of programs and scholarships in the Lake Stevens School District.

You are invited to join your friends and neighbors in their support of education in Lake Stevens. Please take this opportunity to invest in education today by purchasing a tile in the next phase of the Lake Stevens Education Foundation's Tile Art Project.
